

AMENDMENT TO THE CLAIMS

Listing of Claims:

Claim 1 (Currently Amended): A mobile telephone, comprising:
a display which displays information including telephone numbers or characters;
a first bus for connecting to controller and memory ~~means that are provided as~~
~~principal integrated circuits; and~~
a second bus for connecting said controller and said display;
wherein said first bus and said second bus are independently connected to said
controller,
wherein said first bus is not connected to said display, and said second bus is not
connected to said memory; ~~and~~
wherein said controller controls said first bus and said second bus independently,
and
wherein said second bus is not connected to a radio unit.

Claim 2 (Previously Presented): A mobile telephone as claimed in claim 1,
further comprising communication means for transmitting and receiving signals via a radio line,
wherein said controller is controlled to prohibit access to said second bus while
said communication means is receiving signals.

Claim 3 (Canceled)

Claim 4 (Canceled)

Claim 5 (Previously Presented): A mobile telephone as claimed in claim 1,
wherein said display is arranged near an antenna of the mobile telephone.

Claim 6 (Canceled)

Claim 7 (Currently Amended): A mobile telephone, comprising:

a display which displays information including telephone numbers or characters;

a first bus for connecting to controller and memory;

a second bus for connecting said controller and said display;

wherein said first bus and said second bus are independently connected to said controller,

wherein the first bus is not connected to said display, and said second bus is not connected to said memory.

wherein said second bus is not connected to a radio unit.

Claim 8 (Previously Presented): A mobile telephone as claimed in claim 7, wherein said controller controls said first bus and said second bus independently.

Claim 9 (Previously Presented): A mobile telephone as claimed in claim 7, further comprising communication means for transmitting and receiving signals via a radio line, wherein said controller is controlled to prohibit access to said second bus while said communication means is receiving signals.

Claim 10 (Canceled)

Claim 11 (Previously Presented): A mobile telephone as claimed in claim 7, wherein said display is arranged near an antenna of the mobile telephone.
